Dear Community Book Distributor,

Thank you for taking the time to read this introduction to "Oh, How You Sparkle." I wrote this book in a single sitting, as though its tender messages flowed through me rather than from me, and it is already touching the hearts of parents, grandparents, and many others who were given early access. I hope it will bring the same joy to your loyal customers.

While I am a first-time children's book author, I have a long history of working with products and services of globally recognized brands, helping to cement their position in the marketplace. I am committed to leveraging my skills to promote awareness, attract foot traffic to locations like yours, and most importantly to cultivate a vibrant and loyal community of supporters and fans who are enthusiastic about this book and future ones.

I chose to keep printed versions off Amazon for six to twelve months to prioritize community success. This decision became a catalyst for self-publishing, as it allows me to maintain creative freedom in marketing, promotions, and distribution. If all goes well, it may stay off of Amazon.

I'm enthusiastic about collaborating with you to share 'Oh, How You Sparkle' with a broader audience. I am available to answer any questions you may have about how we can work together to facilitate mutual success.

Thank you again,
